JUNE 1962

Number 3

DR. CHARLES HARTSHORNE, of Atlanta, has recently taught a class in bird-study at Emory University. The response - a sell out!

FLOYD COUNTY AUDUBON SOCIETY has discontinued meetings for the summer months. However, regular field trips have been scheduled. The trip for June will be held at Lovett Gardens, lovely home of Mr. and Mrs. C. E. Lovett and their son, Wilson, all enthusiastic birders. The trip will end with a picnic supper.

ALMA COOK, Regional Vice President in the Macon area, scored a real hit in spreading news about G. O. S. Alma secured names of biology teachers in her vicinity and did a good job in endeavoring to "sell" the G. O. S. idea to them. This is something that each Regional Vice President might do with credible results.

ATHOS MENABONI, Atlanta, has had another exhibit of his beautiful bird paintings, this time at the George Thomas Hunter Gallery of Art in Chattanooga.

HAROLD PETERS, now spending most of his time with National Audubon on various research projects, will be naturalist at Camp Pinecliffe, near Harrison, Maine, from June until late in August. Pinecliffe campers are thus assured of very interesting nature study presented in a way certain to appeal to all of them.

LITERATURE - The following publications are recommended: Pocket List of Georgia Birds (G. O. S.) 50 cents; Birdlife of Savannah River Delta (G. O. S.) \$1.50. These may be ordered from Louis Fink, P. O. Box 4418, Atlanta 2.

AUDUBON CAMPS - Any "takers" this summer? It may not be too late to secure a place in one of the camps. (Reports are that the camp in California is not open this year.) If you find that you can go, contact National immediately. This is a wonderful way to spend a vacation.

ATLANTA BIRD CLUB has had a number of field trips to various types of territory in the past few weeks with very rewarding results.

VACATION TIME is here - wherever you go, go armed with your birding equipment and may birding be good for each of you!
